EXPERIENCE

International Legal Technology Association

Front End Developer, Salesforce Developer | Oct 2018 - Apr 2020 | **Chicago, IL**

ILTA is a non-profit focused on promoting modern technology and security protocols to legal firms and government agencies.

- ❏ Responsible for the architecting of scalable components for collaborative development on websites, web applications, and mobile applications
- ❏ Driving the development and communication of new projects relating to ILTA's web presence
- ❏ Providing education to staff members on platform initiatives, modern tech standards, and CRM utilization
- ❏ Ensuring consistency with our various integrations between site CMS, membership CRM (Salesforce), and legacy content

Equiti Games | Start-Up

Front End Developer | Jun 2018 - Jan 2019 | **Remote, California**

Equiti Games is an Ethereum-based start-up aiming to provide a blockchain secured e-commerce environment focused on consumer digital media rights.

- ❏ Designed and developed the corporate and ICO websites for Equiti
- ❏ Provided marketing strategy in the form of email campaign automation, SEO, automated blog/site content, and social media management

BitBloq | Start-Up

Full Stack Developer | Jan 2018 - Sep 2018 | **Remote, New York**

BitBloq is a crypto-exchange start-up focused on cryptocurrency spending.

- ❏ Designed, developed, and scaled the ICO site with React and GatsbyJS
- ❏ Built e-commerce functions with blockchain APIs to enable Ethereum transactions

EInsurance

Lead Full Stack Developer | Dec 2017 - Jun 2018 | **Chicago, IL**

EInsurance is an affiliate lead generation site. Users enter their personal information and are matched with affiliate insurance companies.

- ❏ Lead a team of four to replace an 2000s ASP.net application with a PHP / Laravel back end. Migrated over 20,000+ users and 1,000+ affiliates
- ❏ Personally designed and refactored over 2,000+ pages and blog posts

Independent Contractor

Design, Development, Marketing, Strategy, Management | 2014 - Present

I've been freelancing my entire career - I handle client meetings, accounting, maintenance, security, and project work with efficiency and an acute attention to detail.
